Light Duty kit for smaller spills, but with all the right ingredients to handle 1 or 2 small spills. Small Mercury Spill Kit - Ideal for in-home clean-up and as a stand-by kit for occasional spills in medical, dental and scientific facilities.

Our mercury spill control and safety kits include a proprietary Hg decontaminating solution, which quickly and safely suppresses mercury vapor, plus provides all the tools you need to safely and quickly clean up and decontaminate spilled mercury.

Kit Includes:

MERCON Mercury Aspirator – A simple and easy to use waste mercury pick-up tool – hard surface & underwater
MERCONspray (250ml) – Reduces airborne mercury vapor prior to clean-up
MERCONvap (250ml) - Liquid Decontaminant for treating surfaces after removal of mercury
MERCONtainer (475ml) – Mercury waste storage container with foam liner to suppress vapor
1pr Safety goggles
2pr Nitrile Gloves
Disposal Bags (2)
Mercury Spill information pamphlet
Mercury Waste Labels
Case is cardboard and comes with handle for portable use.
